

# ADS<sup>®</sup> Announces New Location in Orland Park, IL

**6/8/18 – Orland Park, IL.** [ADS LLC<sup>®</sup>](#), the leader in providing comprehensive solutions in full-service sewer flow, level, and rainfall monitoring and data management, today announces the opening of its new office in Orland Park, IL. At ADS we always are striving to better serve our customers. The expansion of the company to Orland Park will allow ADS to more efficiently service our existing wastewater customers and become even more responsive as our business continues to grow. The opening of this new office demonstrates our commitment to our customers, while further establishing our presence in the metropolitan Chicago area. ADS also is committed to serving our communities, and will expand its employee base by hiring many local, highly-skilled collection system professionals.

Hal Kimbrough, General Manager of ADS LLC, states *“Chicago is a special place for our company. We have been working for the City of Chicago since the 1920’s, when we were operating under the name of Pitometer Associates. Our parent company, [IDEX Corporation](#), is located in the Chicago suburb of Lake Forrest. This new office will be our second location in the area. Our Chestnut Street location will remain focused on engineering services related to drinking water distribution. The new Orland Park location will be focused on products and services for our wastewater utility customers. This move makes us on-call to wastewater utilities throughout Chicagoland and we look forward to investing more in the local communities.”*

## About ADS LLC

ADS LLC is a leading technology and service provider and a reliable source of knowledge to the global wastewater collection system industry. Monitors manufactured, installed, and maintained by ADS measure over 5 billion gallons of flow daily across the globe. For over 43 years ADS has delivered value to its customers by providing industry-leading solutions for flow monitoring, level monitoring, rainfall monitoring, data analysis, reporting, and field services. These customers rely on [Underground Intelligence<sup>®</sup>](#) from ADS to manage planning and rehabilitation, satellite community billing, regulatory compliance, O&M, and model calibration. ADS LLC is a business unit of IDEX Corporation.
